internationale tanzmesse nrw more successful than ever

400 exhibitors, 1600 professional visitors, 86% occupancy rate of the Performance Program

After four inspiring and exciting days, the 10th internationale tanzmesse nrw, the biennial global meeting of the international contemporary dance scene, concluded in Düsseldorf – being more successful than ever on its 20th anniversary – with its last night capped with a glittering party.

To sum it up in numbers: In 123 stands at NRW Forum Düsseldorf, more than 400 exhibitors represented 600 dance companies, choreographers and dance institutions from 57 countries. 72 companies and solo artists contributed at 11 venues to the performance program, consisting of 33 performances in the main program and 24 performances in the context of the Open Studios, the Specials and the Performance Parcours.

Nearly 1600 registered professional visitors – agents, curators, cultural managers, programmers and journalists – used the opportunity to expand their aesthetic and business knowledge, to network and to experience the diversity of contemporary dance productions live on stage.

Over 7700 of the almost 9000 available tickets were utilized by trade visitors and dance enthusiasts; this is 86% of the performance program's capacity.

Director Felix Wittek summed up: "The success of this year's edition motivates us to continue the Tanzmesse in the coming years with confidence: For the next edition we will proceed making the program more compact and deep with regards to content in order to further link contemporary dance internationally."

The internationale tanzmesse nrw 2016 will take place between August 31st and September 3rd in Düsseldorf. Save the date!

The internationale tanzmesse nrw is a project of the nrw landesbuero tanz financed by the Gesellschaft für Zeitgenössischen Tanz NRW e.V., and supported by the Ministry for Family, Children, Young People, Culture and Sport of the State of North Rhine Westphalia, the state capital Düsseldorf, the NRW Arts Foundation and the Arts and Culture Foundation of the Stadtsparkasse Düsseldorf.
